EDUCATION

Lycée Henri Matisse <i>BTS SIO, Software Solutions and Business Applications track (SLAM)</i>	Toulouse, France 2025 – 2027
Université Toulouse Jean Jaurès <i>Bachelor's Degree in Foreign Languages, Literature and Culture, Japanese</i>	Toulouse, France 2025

EXPERIENCE

Network Technician <i>SNS Solutions, IT services company</i>	Jul. – Aug. 2026 <i>Fixed-term contract</i>
• N1-N2 support for SME clients: tickets, Stormshield firewall and VPN configuration • Administered hosted VoIP (3CX) and clients' OVH Cloud infrastructure • Deployed and monitored endpoint security with ESET • Took part in the weekly technical meeting, reviewing the status of each agency	
Network Technician <i>SNS Solutions, IT services company</i>	May – June 2026 <i>Internship</i>
• Migrated a UniFi controller from a failing Raspberry Pi to Docker, restoring the configuration from a backup • Built a Proxmox VE hypervisor on a recycled Dell PowerEdge R510, with a Windows Server VM (MDT, WDS) for automated PXE deployment • Handled client tickets and on-site work: GPO, RDP certificates, backups (Cove Data Protection), printers, hardware audits	

PROJECTS

Tech Watch, Post-Quantum Cryptography <i>Google Alerts, Obsidian</i>	2026 – Present
• Four-step pipeline: collection, AI-assisted relevance analysis, manual curation, documentation • Following NIST FIPS 203, 204, 205 standards (ML-KEM, ML-DSA, SLH-DSA), notes kept in Obsidian	
Firepit <i>Kotlin, Jetpack Compose, Room, MVVM</i>	2026 – Present
• Personal reading journal for Android: library (to read, reading, finished, wishlist), reading logs with calendar, duration and comments, basic stats • Book data from the Google Books API, with Open Library as a fallback	
Personal Portfolio <i>React, CSS</i>	2026
• Multi-page website built with React and plain CSS, responsive, deployed on GitHub Pages	

TECHNICAL SKILLS

Languages: Java, C#, Python, PHP, JavaScript, Kotlin, SQL, HTML/CSS
Frameworks and Tools: React, Node.js, Bootstrap, WordPress, Jetpack Compose, Git, GitHub
Databases: MySQL, PostgreSQL, MongoDB, Room
Systems and Networks: Docker, Proxmox VE, Windows Server, Linux, Stormshield, UniFi, VPN, 3CX, GPO

CERTIFICATIONS, LANGUAGES AND INTERESTS

Certifications: Introduction to Cybersecurity (Cisco Networking Academy), Claude 101 (Anthropic Academy)
In Progress: HTB Certified Junior Cybersecurity Associate, Secure Coding (Sengrep Academy)
Languages: French, English (fluent), Japanese (intermediate)
Interests: photography, video editing, Japanese calligraphy, reading
